

Nature Christmas Ornaments

Reindeer Pinecones

Materials

Pinecone
Sticks
Green Ribbon
Red Pom Pom
Googlie Eyes
String
Glue
Scissors

Instructions

1. Gather different sizes of pinecones and small sticks while taking a nature walk.
2. Attach the following to pinecone using glue.
 - a. Googlie Eyes
 - b. Red Pom Pom Nose
 - c. Sticks (Ears).
3. Create a bow using the green string and attach to pinecone using glue.
4. Attach a string to the top of pinecone for hanging.

Christmas Nature Wreaths

Materials

Cardboard
Pine Needles
Red Berries (If Available)
String/Twine
Scissors
Glue

Instructions

1. Gather a variety of pine needles while taking a nature walk.
2. Cut a piece of card board into the shape of a ring.
3. Intertwine a piece of long string/twine around the entire ring ensuring that gaps are left and the string is somewhat tight against the ring.
4. Glue down the end of string to the back of the ring.
5. Then start placing the pine needles around the ring by tucking them under the string. Continue this process until the ring is covered completely.
6. Take a string and attach to the top of wreath when done for hanging.

Nature Star Ornament

Materials

- 5 Sticks
- Yarn/string/twine
- Natural Materials
(Acorns, Pinecones, Pine
Needles, Berries etc...)
- Scissors

Instructions

1. Collect sticks and natural materials while out for a nature walk.
2. Using sticks form a shape of a star on a flat surface.
3. Then use yarn/string/twine and wrap around the ends of each point to secure.
4. Grab the other natural materials collected and hang from various points of the star.
5. These ornaments can be big or small that is up to you!
