1. Welcome

---
2. Roundtable Introductions

---
3. Project workplan update: 2022 activities

---

**KAWARTHA  
CONSERVATION**

Discover · Protect · Restore

- Kawartha Conservation provided an update regarding where we are in the planning process.
- Currently we are nearing the end of the Scoping Phase, and in the middle stages of the Characterization Phase.
- In May (2 public information sessions) and June (public engagement survey ends June 30<sup>th</sup>) we will be focusing on Community Engagement.
- Kawartha Conservation has begun 2<sup>nd</sup> year of lake and tributary monitoring. Please refer to presentation for further information.
- Working Group members are encouraged to participate in activities.

#### 4. Community Engagement

---

- Kawartha Conservation is hosting 2 public information sessions (May 26, May 28) 'in-person' at the Carden Rec Centre. The Ministry of Northern Development, Mines, Natural Resources and Forestry will be the guest speaker on the topic of: Status of the Lake Dalrymple Fishery.
- Kawartha Conservation also developed an 'Engagement Survey' to solicit written feedback. It is available online at: <https://forms.kawarthaconservation.com/Lake-Dalrymple-Management-Plan-Engagement-Survey>
- Various advertisements have been sent to the community including: Facebook groups, hardcopy flyers, and emails.
- Kawartha Conservation is still looking for 'personal stories' about the lake from long-time residents. Categories include: Shoreline Use, Lake Use, Water Quality, Water Levels, Fish Community, Landscape/watershed.
- Example of what we are looking for: (Fish Community): *"Growing up we used to catch Walleye all the time, now they are few and far between. A lot more Pike being caught now too and not as much Musky."*, Jim, Campbell's Beach resident since 1954.

**\*\*ACTION ITEM: Kawartha Conservation and Working Group to advertise and host 2 public open houses.**

**\*\*ACTION ITEM: Kawartha Conservation and Working Group to advertise Public Engagement Survey and receive submissions until June 30<sup>th</sup>.**

**\*\*ACTION ITEM: Kawartha Conservation to seek out 'personal stories' for each of the above categories.**

#### 5. Online data portal

---

- Kawartha Conservation has added summaries of data on the [data portal webpage](#). Data will be updated on a routine basis (monthly or so) and new features added as well.

#### **KAWARTHA CONSERVATION**

Discover · Protect · Restore

## 6. Fleming College Mapping Program Update

---

- We were successful in our proposal to Fleming College regarding a project to highlight: water levels, water quality, and fish habitat for lakes in City of Kawartha Lakes, including Lake Dalrymple as a focus. Currently this project is in the planning stage.

## 7. Other Business, Next Meeting Date

---

- No other business.
- Meeting date not confirmed yet, but will take place in August 2022. Priority is to have it in person near the lake.
